CURE PUCK

Perfecting the art of the cure

The Cure Puck helps ensure perfect curing every time by measuring key indicators in the container headspace, the environment in the curing room and automatically burping containers when required.

Vent gases in a precise and controlled way to maximize the benefits of curing.

Experience the full potential of your harvest

Designed for

- People who currently cure and want to automate their process.
- People who do not know how to cure and want to improve their flower quality.
- Cannabis Nerds who love to know every data point and want to perfect their craft.

Benefits

- Stabilize water activity
- Improve flower quality and consistency
- Improve burn, taste, aroma and shelf life
- Preserve terpene profile
- Automate the process
- Peace of mind
- Remote monitoring and control
- Key insights with data to dial in your curing process

Stabilize water activity

Improve flower quality

Automate the process

Preserve terpene profile

Improve shelf life

TWISTER TECHNOLOGIES

Well cured cannabis is better cannabis

Dial in your cure

- Real time monitoring of container headspace
- Real time monitoring of room environment
- High Accuracy Replaceable Sensors
- Automatic Burping
- User defined recipe
- Notification System
- WiFi 2.4 GHz Enabled
- Web App
- Battery Backup

Battery Backup

Wi-Fi Enabled

GEN 2 Features

- Hybrid Intelligent Curing
- Temperature Compensation
- Variable Speed Pump
- Upgraded Reliability
- CO_2 Limit Control
- Custom Cure Timing
- Hi-Def Room Sensor
- Enhanced Cure OS
- Hydrate Mode
- One-Touch Autocure with Funkguard ™

CHAMBER SENSORS	Relative Humidity	Accuracy ±1.0% RH Operating Range 0 - 100% RH Factory Calibrated
	Temperature	Accuracy ±0.1°C Factory Calibrated
	CO2	Accuracy ±(50ppm+5% reading value) Range 400~5,000ppm
ROOM	Relative Humidity	Accuracy ±1.0% RH Operating Range 0 - 100% RH Factory Calibrated
	Temperature	Accuracy ±0.1°C Factory Calibrated

SPECIFICATIONS	
Product Number	NA 02-10131B
Input Voltage	15V DC
Length	7in (178mm)
Width	5in (127mm)
Height	6in (152mm)
Weight	1lb (.45kg)
Shipping Weight	3lbs (1.36kg)
Package Includes	Cure Puck, Hose, Diffuser, AC Power Adapter, Manual
Patent	Pending
Warranty	2 Years
Certifications	CE FC RoHS
